

Quilt Beginnings

Giving Tree Supply List

Instructor: Pam Churches

Dates: 1-5 p.m., Wednesday, September 19th

Project description: Learn a simple way to do curved piecing with a unique ruler designed especially for this project. Finished size of this wall hanging is approximately 28" x 35".

Required Book: "*Mini Wonderful Curves*" by Jenny Pedigo and Helen Robinson

Fabric requirements:

- Four fat quarters of assorted greens (tree fabric)
- 1/6 yard or (2) 5 ½" squares gold (star fabric)
- 1/6 yard brown or (1) 5" square for tree trunk fabric
- 1 yard of background fabric
- 1 ¼ yard backing fabric
- 1/3 yard binding fabric
- Batting
- QCR Mini Ruler required

Sewing supplies:

1. Rotary cutter, ruler and mat (a small mat and ruler will suffice if you have precut your fabric prior to class)
2. Sewing machine and accessories including ¼" foot
3. Neutral thread
4. Scissors to clip threads
5. Pins for sewing blocks together

Prior to class:

Cut your fabric following general cutting instructions on page 89 in the required book above. If you need help, please stop in the shop prior to class for assistance in cutting your fabric. You will make better use of your class time if you come to class with your fabrics ready to sew. Curved piecing is much easier than it looks - no pins needed for sewing the curves!
