Don't Blink... Your Projects Will Be Done in a Flash

I've been sewing and crafting for as long as I can remember. As a child, I saved my dollar bills to buy craft supplies. And my love of sewing and crafting only continues to grow. Today, sewing remains my life's work and passion. I'm a professional author, editor, blogger and crafter.

I'm so excited because now I get to sew on a Baby Lock Presto II. With its LCD screen, 100 built-stitches and 850 stitch-per-minute speed, I fly through my sewing projects. You'll find that's only the beginning with the Presto II's features. You can have fun with so many stitching options and alphabet styles. Baby Lock understands the personality and passion you put into your custom-made creations.

LCD Screen

The LCD screen makes it a snap to select the right stitch. With the 2.4" x 1.3" LCD screen, choose from 100 built-in stitch patterns and easily add the specialty stitches you need for your one-of-a-kind creations.

Advanced Needle Threader

Threading a needle has never been easier than with this innovative threader. With just a few simple motions, your needle is threaded and ready to use - it's so easy, you can do it with one hand!

Optional Accessories

Quilting Extension Table (BLMAC-ET)

Allows you to extend your sewing surface to provide extra support for perfect stitches on even the largest quilts.

Circular Sewing Attachment (BL-CSA)

Expand stitch libraries with the incredible abilities of the Circular Sewing Attachment. This creative machine accessory allows sewers to stitch in a circular pattern using any forward feeding utility or decorative stitch. Create corded frames with the Baby Lock Braiding Foot and 3-Hole Cording Foot, included with the Circular Sewing Attachment.

Straight Stitch Needle Plate and Foot Set (BLMAC-SS)

Reduce puckering on lightweight fabrics and prevent delicate fabrics from shifting. The small opening on the foot and needle plate provides support as the needle travels through the fabric while straight stitching.

Features & Specifications

Technology Features

Automatic Thread Cutter

Trim thread with the touch of a button. Keep your hands on the project and start sewing elsewhere immediately with a clean, frustration-free trim.

100 Built-in Stitches | 850 Stitches Per Minute

Projects such as quilting, home decor and crafts require specialty stitches. The Presto II includes 100 built-in stitches that are perfect for the projects you choose to create. Plus, at 850 stitches per minute, you'll be on to your next project in no time!

Quick-Set, Bobbin Winder

The Presto II takes all of the hassle out of sewing including winding your bobbins! The quick-set winder holds the thread in place and stops automatically when the bobbin is full.

Push Button Features

With push button features, your sewing projects have never been easier to complete. Position the needle up or down, add a reinforcement stitch, stitch with the reverse sewing button, or sew without a foot control using the start/stop button.

Quick-Set, Top Loading Bobbin

Avoid the struggle of changing your bobbin with the quick-set feature. Simply drop your bobbin in the machine, pull your thread through the slot, and let your machine do the rest of the work.

4 Built-In Alphabets

Add personality to your custom-made creations with the Presto II's four built-in alphabets.
