

 **Quilt Beginnings** 
IQ Play Day - Skill Builder I
Supply List

Instructor: Pam Churches

Dates: 10 a.m. - 4 p.m., Thursday, June 24th and Friday, June 25th

Project description: This class will focus on the individual icons of Babylock's IQ Designer found on the Destiny II (or Destiny with both upgrades), Altair, Meridian and Solaris machines. We will create a book filled with techniques that will increase your knowledge of this amazing feature!

Book: *Binder, notes, pattern and fabric (KONA black) provided in class*

Fabric requirements

- Stabilizer (bring the roll) - cutaway, stitch and wash, or tearaway (this will be left on the back of the sample to preserve it) - no show mesh is not advisable
- Embroidery thread - we will be providing KONA black fabric for your sample book; you choose your favorite thread or threads
- Empty bobbin - you will wind a bobbin for the color or colors you decide to use; it is your book; use as many or as few colors as you would like

Sewing supplies:

1. Babylock embroidery machine, embroidery arm, embroidery foot, power cord, and hoops (bring your hoops that are 8" wide or larger)
2. Scissor snips and appliques scissors

Due to COVID19 restrictions, the class is limited to 12 participants, each utilizing their own table. Masks must be worn at all times in class; food is not permitted in the classroom. Since this is an all day class, we will break for lunch. You may sew during this time, eat outside or in your car, or pick up lunch; no instruction will take place during this time.

Please make sure you bring all of the pieces and parts for your machine as the store does not have an excess inventory of machine accessories.
