Project Sizes

Hexi Coasters and Mug Rug with embroidery designs

| | | |
|-------|-------|-------|
| 4 x 4 | 5 x 5 | 6 x 6 |
| 7 x 7 | 8 x 8 | 9 x 9 |

Pattern and Fabrics

Kits with fabric, thin batting, medium tearaway, embroidery pattern, and printed instructions are included in your class fee. I'll provide a flash-drive with the project design files and some other fun designs to embellish your Hexis during class, so no worries downloading designs before class. You may take your unopened pattern home with you to download on your computer and embroidery machine.

Your supplies include fabric for a mug rug and coasters. If you want to bring extra pieces of fabric and small embroidery designs, you're certainly welcome. It's not necessary but just in case you want to make more. These are festive holiday gifts!

Safety Protocol

Quilt Beginnings has safe classroom practices as we do for the shopping area of the store. We made safe space of at least 6-feet between students in the classroom with a table for each of you. Proper fitting face masks are always worn at Quilt Beginnings, *covering nose and mouth*. If you choose to wear a plastic face shield, a face mask is must be worn with the shield. Bandanas are not considered proper fit.

You are welcome to step outside or visit your car for a snack. If weather permits, we'll set chairs outside the Event Center. We will follow the store shopping protocol. Five guests are invited into the store at a given time. If you want to shop or need something for class, you will exit the Event Center door and walk up the sidewalk to the front door where you will wait your turn.

We Q-Bees appreciate you very much for making it possible to open our doors to provide a happy and safe place for creativity, friendship, and community. Many thanks.

Class Preparation

Be Prepared
