Due to COVID19 restrictions, the class is limited to 12 participants, each utilizing their own table. Masks must be worn at all times in class; food is not permitted in the classroom. Since this is an all day class, we will break for lunch. You may sew during this time, eat outside or in your car, or pick up lunch; no instruction will take place during this time.

Please make sure you bring everything as the store does not have an excess inventory of machine accessories. Also, as the store has a five person guest limit, you will have to wait in line if you need to purchase a forgotten item.

Please read the "PRIOR TO CLASS" items and come prepared. We will be working at a fast pace. If you have to cut and prepare your fabric, you will waste a lot of your class time. If you have any questions, please stop in or call the shop and we will be happy to assist you.
