Intro to Sewing

Supply List

Instructor: Caity Coffin

Dates: Thursday, March 5, 6:00pm - 9:00pm

Pattern: The Essential Tote Bag (provided)

Project description: This cute, functional tote bag will look adorable in any fabric you choose. Bring your fabric to class and we will walk through the entire project, from cutting to assembling the whole bag. I would recommend avoiding stripes, plaids, or directional prints as these can be a challenge to line up the right direction.

This project is designed for brand new beginners, and all supplies other than fabric and thread are optional. Please let us know ahead of time what supplies you will need (including sewing machine), and we'll be sure to have enough for everyone.
