Project description: Owner's classes for Premier +2 **Ultra** Software. Most classes will require the **Ultra** version of Premier +2 in order to complete the lesson and project. We will be using the **Modify Module** and the **Create Module** both of which are found in Ultra. Each class will include a Software Lesson and a small project.

A Zoom invitation will be sent the day before the class with a link to join the class at the appropriate time. Please provide an active email address.

Supply Requirements
- Laptop with Premier +2 **Ultra** software loaded AND ACTIVATED
- External Mouse
- USB drive for transfer of designs to sewing machine (1 GB or less)
- 3 ring binder or folder for handouts.
