

✦ Quilt Beginnings ✦

Longarm Ruler Lecture

Supply List

Instructor: Libby Van Treese

Dates: Tuesday, February 4, 2020 (10am-12noon)

Project description: This will be a lecture/demo on how to use rulers for quilting a variety of different quilt block types. Learn how to maximize your time, by understanding the markings on the ruler templates. This helps decrease the amount of marking needed on the quilt. Learn how to use the ruler foot itself as your first "measurement" and then echo a variety of designs utilizing the templates. Ruler templates offer nearly endless possible quilting designs.

Supplies:

1. Notebook & pen
2. Any show & tell project that has ruler work on it to share
3. Questions and ideas—if you have a quilt top that would lend itself to rulers and want ideas, bring it along
