

# ✦ Quilt Beginnings ✦

## Tee Shirt Quilt Prep

(previously called Tee Shirt Boot Camp)

### Supply List

#

**Instructor:** Cheri Taylor

**Date:** Thursday, October 18, 2018 10 AM - 2 PM @ Sawmill

**Project description:** A technique class. Learn how to prepare your favorite tees to use in a quilt or other projects. We will be preparing shirts and exploring resources and possible layouts. Cheri will show how to use prepared tees to make a wall hanging, a pillow, and a table runner as well as exploring many quilt options.

**Pattern/Book:** None required. Several will be shown in class.

#### **Fabric requirements:**

1. Tee shirts - DO NOT CUT them prior to class. Bring several!
2. Fusible web - Fusiknit is recommended. If you intend to eventually make a full-sized quilt, you will need at least 5 yards of the fusible to get started. I can only guarantee success with Fusiknit; I haven't worked with others. OPTIONAL - a wall hanging using 3 tees requires 2 yards of fabric. A pillow requires a form or stuffing and a FQ of fabric (for an 18" or smaller form)

#### **Sewing supplies:**

Rotary cutter, 22" or longer ruler and mat, fabric and paper scissors.

A 12 x 12" or larger square ruler OR One large sheet of template plastic and a fine line marker (to make a tee shirt template).

Machine: optional. It is very doubtful that you will need it. We will be busy fusing shirts.

\*Ironing mat and steam iron if you have them to avoid waiting.

Your favorite sewing supplies.

REQUIRED: 2 pressing cloths.  $\frac{1}{2}$  yard of muslin will make 2 cloths

Bring a lunch or something to share. NOTHING containing nuts please.

**Prior to class:** Wash, dry and iron (if necessary but BE CAREFUL!) any tee shirts that you plan to use. DO NOT CUT THE SHIRTS!!!
