

 **Quilt Beginnings**  #
Tee Shirt Boot Camp
#

Instructor: Cheri Taylor

Date: Wednesday, July 11, 2018 11:00 A.M. - 2:00 P.M. @ Sawmill

Project description: A technique class. Learn how to prepare your favorite tees to use in a quilt or other projects. We will be preparing shirts and exploring resources and possible layouts. Cheri will show how to use prepared tees to make a wall hanging, a pillow, and a table runner in addition to quilt examples.

Pattern/Book: **None required.** Several will be shown in class.

Fabric requirements:

1. Tee shirts - DO NOT CUT them prior to class. Bring several.
2. Fusible web - Fusiknit or a comparable product. If you intend to eventually make a full-sized quilt, you will need at least 5 yards of the fusible to get started. I can only guarantee success with Fusiknit; I haven't worked with others.

OPTIONAL - a wall hanging using 3 tees requires 2 yards of fabric. A pillow requires a form or stuffing and a FQ of fabric (for an 18' or smaller form)

Sewing supplies:

1. Rotary cutter, 22" or longer ruler and mat, fabric and paper scissors.
2. One large sheet of template plastic and a fine line marker (to make a tee shirt template) OR a 12" x 12" or larger square ruler.
3. Machine: optional. We will be busy fusing shirts.
4. Ironing mat and steam iron if you have them to avoid waiting.
5. Your favorite sewing supplies.
6. REQUIRED: 2 pressing cloths. $\frac{1}{2}$ yard of muslin will make 2 cloths
7. Bring a lunch or something to share. Nothing containing nuts please.

Prior to class: Wash, dry and iron (if necessary but BE CAREFUL!) any tee shirts that you plan to use. DO NOT CUT the Shirts!!!
